Title of your petition: EU Public Service Uncut Petition to the European Parliament

Whereas
Billionaires and their mega corporations, not workers, caused the current financial crisis.

Whereas
The lack, not excess, of public regulation caused the current crisis.

Whereas
It is necessary to work on the real causes of our troubles rather than to go witch hunting scapegoats.

Whereas
The EU public service has already absorbed the enlargements from fifteen to twenty-seven Member States without a single extra post, only 3 000 000 000 EUROS worth of budget cuts.

Whereas

Extremely wealthy individuals and huge corporations pay only a few percent tax, as <http://ukuncut.org> has shown

Whereas

The proposed cuts are worth a whopping 26.5% when one takes into account the unpaid extra work that will be extorted from staff

Whereas

The Finnish proposal to cut two thousand jobs was rejected by a great majority in 2006

I demand that no Jobs whatsoever be cut from the EU Institutions' establishment plans, leaving the dubious savings of austerity at 21.5%.

I ask that the Petitions Committee associate the Budgetary Committee with the work on our petition, as per Rule 202(3).
